Alex and Sean,

This is an ICIS pull from April 2018 with information about PFAS in permits.

The attached excel file [generated from ICIS] identifies 22 facilities in Regions 2, 3, 4, 5, and 9:

- 14 non-POTWs
 - NJ
 - VA
 - AL (8)
 - NC
 - IL
 - MN
 - OH (2)
 - CA (2)
- 8 POTWs
 - AL (3)
 - MN (4)
 - OH

No limits, just monitoring.

- Perfluorooctanoic Acid
- Perfluorooctanesulfonamide
- Perfluorooctanesulfonate
- 2-[N-methylperfluorooctanesulfonamido] acetic
- 2-[N-ethylperfluorooctanesulfonamido] acetic acid
- N-ethylperfluorooctane Sulfonamidoethanol
- N-methylperfluorooctane Sulfonamidoethanol

During the call in April additional facilities were identified in Region 3: Dupont in VA, for which a numeric limit is included within a special condition, and Washington Works draft permit in WV.

Please let me know if you have any questions.

Thanks,
Thelma
